# Level Waters™

AUTOMATIC WATER LEVELING SYSTEMS

Precise Powerful Practical

The Modern Filling Solution

systems use a **patent-pending** sensing method that uses **no moving parts**. Systems come in 3 categories: Pro, Stealthy and Economy.

Pro Systems (XLS & XPS Models) are available in two main configurations: **Plumb, Plug & Play™** and **Pro-Install**. Pro-Install systems require a basic knowledge of wiring and

Model	Fill Volume	Configuration	Control Colors
XLS -1221	8 Gallons Per Min.	Plumb, Plug & Play™	Beige
XPS-3411	15 Gallons Per Min.	Pro-Install	Beige
XPS-1011	30 Gallons Per Min.	Pro-Install	Beige

require installation in accordance with national and local electrical codes. Outdoor controllers may be mounted to any flat surface or pole mounted with optional MNT-GP garden pole mount. All systems (except EasyFill™) come with high visibility indicators for Power, Alarm and Fill functions.

The **EasyFill**™ economy auto-fill provides basic reliable filling and comes in 4 configurations. The MC-01 Sensing Unit is the heart of all systems and may be purchased as a stand-alone unit requiring

Model	Fill Volume	Configuration	SensorColors
MC-01	Based on valve added	US Miniature	Gray
MLX-45	Based on valve added	US Miniature	Gray
MLS-3401	15 Gallons Per Min.	US Miniature	Gray
MLS-1002	30 Gallons Per Min.	US Miniature	Gray
MLS-34EU	15 Gallons Per Min.	Europe Miniature	Gray

the addition of a power transformer and valve. The MLX-45 adds a 450ma power wall unit allowing you to add the valve of your choice. The MLS-3401 is a complete system and adds a ¾" 15gpm valve with the MC-01 and power unit. The MLS-1002 includes a 1" valve for larger ponds and water features.

Stealth FULL™ Specifically designed for fountains and features which require that the

Model	Fill Volume	Configuration	Colors
SCU-151	Based on valve added	Integrated Control	Gray

sensor be hidden. Provides an almost hidden sensor and incorporates a failsafe that limits the fill in the event of a malfunction. It provides led indicators for power, alarm and fill events.

System Packages

Level Waters™ XLS-1221 System
- LCX-1102 Controller
- WLS-901 Sensor
- FV-701 Fill Module
- SPW-701 Spillway Mount
- WC-101/002 & Accessories

Level Waters™ XPS-3411 Pro System
- LCX-1101 Outdoor Controller
- MNT-P Pro Mount
- WLS-901 Sensor
- 50' Cable & 3/4" 24VAC Valve

Level Waters™ XPS-1011 Pro System
- LCX-1101 Outdoor Controller
- MNT-P Pro Mount
- WLS-901 Sensor
- 50' Cable & 1" 24VAC Valve

Level Waters StealthFULL™ — Hidden Auto-Fill System

Level Waters™ MLS-3401 EasyFill™ System

Level Waters™ MLS-1002 EasyFill™ System
- MC-01 Sensing Unit
- 24VAC Class 2 Power Supply
- 1" Fill Valve

Level Waters™ MLX-45 EasyFill System™

Level Waters™ Mounts For The EasyFill Sensor
- MNT-SK Skimmer Mount
- MNT-EZ/SL Slide Mount
- MNT-EZ Standard Mount
